ISSUES THAT STUDENTS WHO WILL TAKE COURSES FROM SUMMER SCHOOLS IN OTHER
HIGHER EDUCATION INSTITUTIONS SHOULD FOLLOW UP

- 1) It must match at least 75% of the content, ECTS value, and credit of the course that is successful and requested for a transfer from summer school or other higher education institutions specified by our faculty board.
- 2) The base score of the department that the student wants to take the course from another higher education institution should be equal to or higher than the base score of your faculty's department.
- 3) The student should get approval from the course instructor and chair of the department for the course content of the course he/she wants to take and submit the form attached and additions to the faculty secretariat (Form of the taken course from another higher education institution).
- 4) A student at most can take “two (2) courses” from the other higher education institutions' summer school within an academic year. Also, Summer School and other times from the other higher education institutions cannot exceed 24 ECTS within the whole student life.
- 5) Students of English departments' courses are not acceptable if students take courses from a department that provides Turkish education. But the students that are taking education in Turkish are allowed to take courses from an English department in summer school.
- 6) It is not allowed to take from other university faculties rather than engineering faculty. However, an undergraduate course opened from an Engineering Faculty can be taken if it is opened from a summer school under the name of another faculty.
- 7) If a student fails a prerequisite course, it does not prevent him from taking a course that depends on that course (continued) from the Summer school. However, the course transfer process starts after the student passes the prerequisite course of the course he/she has passed from summer school.
- 8) Courses opened at summer school of our faculty cannot be taken from another university.
- 9) A course that has been counted as successful and requested to be transferred from Summer Schools in other higher education institutions is not considered equivalent to more than one course according to its content.
- 10) The official transcript of the courses taken from other higher education institutions must be submitted to the Faculty Secretariat no later than the beginning of the “Course Add-Drops” of the following semester.

Note: Courses of students who do not have a “Form of the taken course from another higher education institution” will not be transferred even if they've been successful.
